Wouldn't you like to wake up refreshed, ready to enjoy the day?

**AirFit™ N10**  
Nasal mask

At ResMed we believe that sleep apnea treatment should be straightforward, relaxing, and feel as natural as possible.

That's why we created AirFit N10 – a compact nasal mask offering you simplicity, comfort and real visual freedom.

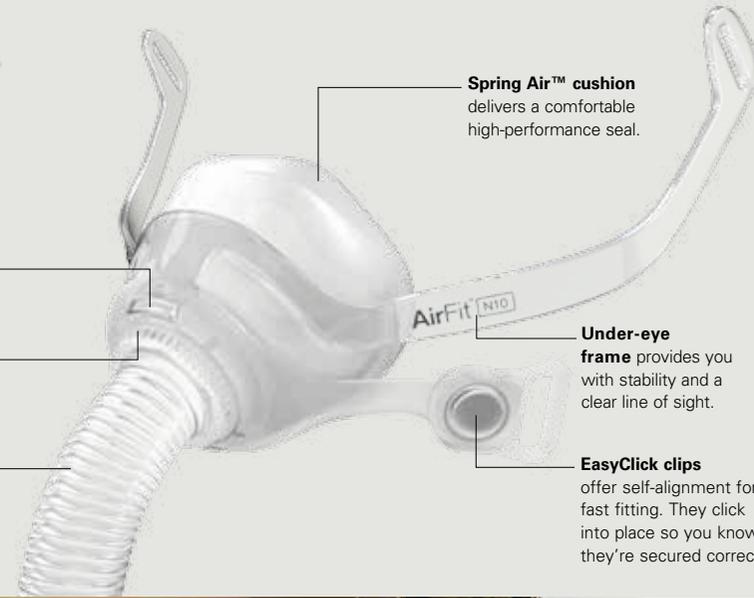

**SoftEdge™ headgear design** with premium rolled-edge fabric is comfortable to wear and designed to reduce facial marking.

**Key-clip cushion** is quick and simple to remove and attach.

**Circular diffused venting** directs air away from you and your partner, for minimal disturbance.

**Innovative flexi-tube** is ultra-light and flexible, yet highly durable, offering you freedom of movement without compromising seal.

**Spring Air™ cushion** delivers a comfortable high-performance seal.

**Under-eye frame** provides you with stability and a clear line of sight.

**EasyClick clips** offer self-alignment for fast fitting. They click into place so you know they're secured correctly.

The AirFit N10 for Her is designed especially for women, offering a smaller size for female facial contours, along with stylish tones and highlights.

**Optional soft sleeves**

## An easy bed-time routine

AirFit N10 is designed to be user-friendly. It's intuitive to fit and comfortable to wear, so there's minimal disruption to your bed-time routine.

The mask's unique EasyClick clips allow for simple fitting and removal without you needing to adjust the headgear every time. And the mask's under-eye frame gives you a clear field of vision so you can easily read, watch TV, or even wear glasses, while your therapy is ramping up.

## Settle down to sleep

The SoftEdge headgear is designed to offer you gentle, secure support and it feels like it's hardly there. While the soft dual-wall cushion provides you with a comfortable seal to accommodate your movement through the night.

When you fall asleep, the mask's circular diffused venting gently disperses exhaled air. This minimises disturbance and helps create a comfortable sleeping environment for you and your bed partner.

## Wake up to a brand new day

After a great night's sleep, you're more likely to wake up feeling refreshed – ready for the day ahead.

**AirFit N10 is the right fit for you**
